(3)data information you uploaded

In order to provide you with better services, we may record and analyze the use and usage of our services and any other relevant information, including hardware model, operating system version, system activity and other device information, internet protocol address, account login or logout, advertisement click and other log information.

(4) Ordering and Order Management

When purchasing membership services for this software, we need to collect some or all of the following personal information based on the type of product/service, including your transaction

product/service information, order number, ordering time, and order amount.

Please be aware and understand that we collect this information to assist you in successfully purchasing, receiving, querying order information, and providing customer service. At the same time, in order to facilitate your understanding, inquiry, and management of order information, we will collect order information generated during your use of our services for display to you.

(5) Payment function

In order to complete order payment and ensure transaction security, we need to collect your transaction amount, order time, payment method, and payment status information, and share some or all of the aforementioned information with payment institutions through secure means.

3. Use of personal information

By using our products and services, you agree to authorize us to collect and process your information. We collect and use your information to operate or improve our services, such as providing user information services, so as to avoid you entering the same information repeatedly when using our products and services and provide better content. You agree that we are not responsible for the accuracy of such use.

4. Disclosure and publicity of personal information

We respect and protect your privacy, and promise that we will not disclose the user's personal identity information to any third party organization or individual unless it complies with the privacy policy, unless:

- (1) you agree to disclose your personal information;
- (2) provide users' personal information as required by law, government or judicial authority; perhaps
- (3) in order to protect the legitimate rights and interests of us or other users or public safety and interests, it is necessary to disclose information in case of emergency and when necessary.

5. Personal information storage

You understand and agree that we will store your personal information collected and generated during domestic operation in the people's Republic of China in accordance with relevant laws and regulations. At present, we will not transmit the above information overseas. If we need to transmit it overseas, we will follow relevant national regulations or ask for your consent.

6. Information security

We take various security technologies and measures to protect the information and data stored in the system from unauthorized access, use or disclosure. We will do our best to protect the security of your information, but due to the complexity of the Internet security environment, we cannot provide any guarantee. You can access security and protection to learn more about our information security policy.

Unless otherwise specified herein, we will not share your personal information with any entity other than any affiliated company, partner or solution provider without your consent. In particular, we will not sell, rent or otherwise distribute your information. Since our cooperation with the above-mentioned related companies may lead us to provide you with some services, you agree that we provide your information to the above-mentioned related companies in order to provide you with corresponding services. Such related companies only use your information for the purpose of providing corresponding services. We guarantee the safe use of such information by signing confidentiality agreements with such related companies or including confidentiality clauses in the contracts. During your use of relevant services.

7.Management of personal information

In accordance with the requirements of laws, regulations and rules such as the network security law and the provisions on the protection of personal information of Internet users, we attach importance to your independent control over personal information and take multiple measures to ensure that you can exercise the following rights over your personal information:

You can view all contents of this privacy policy by entering "my - about us - Privacy Policy" in the app.

During the process of using our services, you can change the authorization consent of the software in the system settings. When you withdraw your consent, we will no longer process your corresponding personal information. However, your decision to withdraw your consent will not affect the previous personal information processing based on your authorization.

8.Privacy policy update

We may appropriately adjust the scope of information collection and use according to changes in business development and legal policies.

If the privacy policy is modified for any reason, we will notify you or publish an announcement on our software. You can decide whether to continue using our products and services. If you do not agree with the revised privacy policy, please stop using our products and services immediately.

9.Contact us

We will regularly check the implementation of the privacy policy. If you have any questions or suggestions about our privacy policy, please contact our email address
